

AN-G1101

1x5.25" Bay Industrial
SATA/SAS 6.0 Gb/s Rack

① Features

- ① Patent Screwless HDD Mounting Design (optional)
- ② Power/Drive Activity LEDs
- ③ Point to Point Transferring Data Design.
- ④ Best Air Ventilation with 1x30mm Fan
- ⑤ Stainless Steel Handle
- ⑥ Cableless Connection, Support Plug & Play, Hot-Swappable
- ⑦ Aluminum Body for Best Cooling
- ⑧ High Performance Transfer Rate up to 6.0 Gb/s
- ⑨ Support 2.5"/3.5" SAS I/II & SATA I/II/III HDD
- ⑩ 3TB Hard Drives Compatible

AN-G1101

1x5.25" Bay Industrial
SATA/SAS 6.0 Gb/s Rack

③ Product Introduction

Industrial type patent screw-less design aluminum hot-swappable AN-G1101 mobile rack. With the unique screw-less HDD mounting structure, high performance SAS/SATA interface and easy swap tray design. AN-G1101 is tough in strength, but flexible in functionality. Additional cooling fan provides extra cooling in worst operating condition. LED indicator enables monitor power and hard drive activities. AN-G1101 is the ideal solution for storing precious data under severe condition.

④ Specifications

Model Number	AN-G1101
RoHS Compliance Version	Yes
Standard Drive Bays	5.25" Drives: 1 Hotswap 3.5": 1
Hotswap HDD Type	3.5" SAS I/II & SATA I/II/III
Indicators	Blue for Power on/ Red for HDD Access
Security	Key Lock
Material of Front Bezel	Aluminum
Material of Handle	Stainless Steel
Material of Main Chassis	Aluminum
Color of Front Bezel	Black
Color of Main Chassis	Black
Optional Fan	30mm
Dimensions (WxHxD)	5.75" x 1.63" x 6.81" 146.00 mm x 41.50 mm x 173.00 mm
